FREIGHT LOGISTICS INC.

At Shuttle, we are committed to removing the stress from your shipping schedule and making it easier for you to reach your worldwide customers. Getting it done the first time, on time and on budget is our priority.

At Shuttle Freight Logistics Inc. our team utilizes our expertise and global infrastructure to offer customized transportation solutions to satisfy the individual needs of our clients.

We are a full service, privately owned Canadian International Freight Forwarder that specializes in offering the highest level of quality, professionalism and value. This philosophy has allowed us to build long lasting relationships with our clients on which they can depend while building trust and loyalty.

We service all types of industries including the Entertainment Industry focusing on the special transportation needs for large-scale film, theatre, and concert productions.

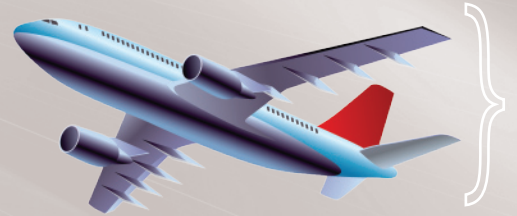

Our staff is highly trained in the use of Inco terms, Letters of Credit, and processing of dangerous goods shipments by Air, Ocean and Ground. With a professional network of agents and affiliates, we are committed to providing an unsurpassed level of shipping services to customers worldwide.

With its alliance network with major air carriers, Shuttle offers professional service, reliable timing and competitive rates whether you have a one-time shipment or regular consignments.

## By Air

We examine all aspects, from the commodity, the volume, the urgency, through to the final destination. This allows us to determine the best way to route your goods to where they need to be when you need them to be there. Our strong alliances with major key carriers allows us to offer competitive rates - even during the busiest seasons and under the most challenging conditions. Providing professional and reliable service from all major cities around the world, our international network spans the globe.

**CHARTERS:** Production line shut down, ships spares, grounded aircraft, or a costly film production shoot; these are just some of the reasons to charter an aircraft to ensure that needed goods arrive on time. One phone call is all it takes to get the right equipment to charter your goods to where they need to be.

**PERISHABLES:** There are many products that require specialized services such as frozen food, dangerous goods and live animals. Our experienced team of professionals has the knowledge and expertise required to satisfy the shipping needs of these products.

Shuttle offers flexible, customizable, service options for all your ocean freight cargo needs. You will receive optimal solutions to meet your specific and unique requirements.

## By Sea

Our ocean services include capabilities for handling less-than-container load (LCL) and full-container load (FCL) shipments, break-bulk cargoes, and charter services. By utilizing contracts with all the major steamship lines, we are able to obtain advantageous pricing and space commitments. Because of this, our customer receives optimal solutions that are customizable to their specific requirements. Your cargo may come in loose or packed, on pallets or without pallets, we will take care of your cargo at the moment it is in our hands.

**FCL (Full Container Load):** FCL offers our best transit time and cost combination as well as higher frequency and a more flexible sailing schedule.

**LCL (Less-than-Container Load):** LCL provides you with reliable shipping solutions for your smaller shipments at a competitive price.

Supported by a strategic combination of dedicated fleet and contracted services, Shuttle offers reliable ground services backed by industry-leading transit times.

## By Land

At Shuttle we offer ground services that include local pick-up and delivery, expedited LTL, economy LTL, and Truckload all backed by industry-leading transit times. Our trucking division's efficiency is a direct reflection of the confidence of our customers continued support. No matter how big a project or cargo, we can meet your needs and exceed your expectations.

Supported by a strategic combination of dedicated fleet and contracted services, we will provide a superior service and innovative transportation solutions that allows you to take advantage of competitive pricing and on-time reliability.
